

STAND WITH ISRAEL

To all our friends and colleagues,

On October 7th, Israel faced a brutal and inhumane attack by murderous jihadist organizations, resulting in the massacre of hundreds of innocent men, women, and children, with 150 more abducted. We mourn the loss of at least 1,300 Israelis, with over 3,000 wounded. Thousands of missiles continue to rain down on our cities, endangering innocent lives.

In response, the IDF launched a counterattack in Gaza against these despicable terrorists who have lost all sense of humanity. Many of our colleagues in the Israeli diamond industry tragically lost friends and loved ones, and many of us have enlisted in this war thrust upon us in defense of our nation, against war criminals who cold-bloodedly slaughter babies, women, and the elderly.

The Israeli Diamond Industry extends its heartfelt gratitude to the global diamond industry for steadfastly supporting Israel's right to safeguard our residents and our nation. We pray for the well-being and safe return home of our abducted citizens and for more peaceful days.

sincerely,

The Israeli Diamond Industry
